Food-Pairing	Heavenly with ragouts, braised meat & vegetable dishes
EAN	EU + others : 9120010356292 EU + others : 9120010356292 USA 9120010356322

Wine description

With its indescribably beautiful secondary and tertiary aromas, Century Blend is a true delight for lovers of mature wines – and it's alcohol-free. Ethereal, finely structured, with lovely hints of precious wood spice, harmonious and complex – aromas that only a truly mature wine can possess. Cassis, blackberry, leather, eucalyptus, forest floor, cedarwood, and nougat meld together to create a memorable composition. Two decades of history in a glass are monumental and a unique drinking experience that delightfully demonstrates: time is the most precious thing of all!

About Century Blend Nr.2

The world's first 22-year-old dealcoholized red wine is a blend of Blaufränkisch (60%), Pinot Noir (20%), and Merlot (20%). Before its 20 years of bottle aging, the wine was matured for a full 24 months in new French oak barrels. The grapes come from vines over 60 years old on the renowned Neckenmarkt Hochberg vineyard.

The second edition, released on May 13, 2026, is limited to just 2,600 bottles. Each bottle is unique and bears a one-of-a-kind number.

About Zeronimo

ZERONIMO is the alcohol-free wine brand of the award-winning Austrian family winery Heribert Bayer, run by Patrick and Katja, the second generation of the family. They are among the pioneers of premium alcohol-free wines and were among the first in the world to dealcoholize a 98-point wine.

Just recently, they were ranked third among the most important pioneers of high-quality alcohol-free beverages by the US trade magazine The Daily Pour. Wine critics, dealcoholization experts, and master sommeliers worldwide also consider their wines to be the best dealcoholized wines in the world. Five years ago—during Katja's pregnancy—the winemaking couple began exploring dealcoholized wines. Then, as now, their focus was exclusively on high-quality alcohol-free wines that make the complex and fascinating taste and character of wine accessible to everyone, bringing winemaking craftsmanship and tradition into the alcohol-free world.

ZERONIMO is not seen as an alternative, but rather as an expansion of the wine selection. Only select Austrian quality wines are used. Additives or the addition of sugar are strictly prohibited.

The unique dry, intensely flavorful, and complex taste profile of these wines appeals to both wine connoisseurs and those who prefer non-alcoholic beverages. These versatile wines have character and are excellent food pairings. ZERONIMO is available in over 25 countries worldwide, including Austria, Europe, the UK, and North America.
